EXPERIENCE

Flagstaff Hill Maritime Museum & Village

- 📍 83 Merri Street, Warrnambool
 - 💰 \$\$\$
- Optional: 11:30 am Guided Tour (complimentary with ticket)

Allow the maritime magic of Warrnambool unfold before your eyes at Flagstaff Hill Maritime Museum and Village. Stroll down the cobblestone streets of the 1800's maritime village and step into the past as you explore what life was like for the Shipwreck Coast's first European settlers. This is Victoria's most active maritime museum with Australia's most significant shipwreck artefact collection. Marvel at the Loch Ard Peacock, once

destined for the spotlight at the 1880 Melbourne International Exhibition, now proudly displayed at Flagstaff Hill Maritime Museum. Crafted by the skilled hands of French sculptor Paul Comolera, this majestic masterpiece defied the odds, washing ashore intact after the tragic Loch Ard shipwreck. Valued at \$4 million and listed on the Victorian Heritage Register, it stands as a timeless symbol of maritime history, a beacon of resilience amidst the tumultuous seas.

It's also home to the stories of hundreds of 19th Century ships, their crewmen and passengers, passed on by the lucky few who survived the journey to start a new life in a foreign land. Flagstaff Hill stands as a testament to the courageous souls who forged new beginnings in distant lands, laying the foundation for the Warrnambool we know today. Once you've enjoyed the historical village of over 40 buildings – including a school, fire station, boat builder's yards and even a blacksmith's forge, climb the hill which gives this site its name. Here you can scale the lighthouse staircase, inspect the 80-pound cannon and take in some of the best coastal views in Warrnambool.
